During the training days, the organizing committee plans some social activities to promote greater interaction between participants, speakers, the organizing committee, and the entire community of collaborators (employees, fellows, and postgraduate students) of the divisions of the General Coordination of Earth Sciences (DIMNT, DIPTC, and DISSM).

This agenda is open for everyone to participate, all you need to do is show interest by contacting the organizing committee. Every training day from 7:00 pm to 9:00 pm, we will have an event that the commission suggests, aiming for this interaction.
